25 YEARS

CELEBRATING

25 YEARS IN THE ELECTRONIC INDUSTRY

Dear Customers,

Welcome to our 2009 Wagner Catalogue, it has certainly been a while coming. In this catalogue you will find many of the spare parts and accessories which we have had for many years plus NEW products which have gradually been added to our range. As the market changes we have endeavoured to extend our ranges, such as HDMI cables and accessories, plus much more.

However, we have not deleted the good old products, the items which are no longer in great demand but occasionally you may need a part or an accessory to repair or restore an oldie for sentimental reasons or because the customer simply likes it. In this throw-away society which has developed, it is good to see that because we have the parts still available, products are still being repaired and not thrown away.

We stock thousands of parts and accessories which are sourced from hundreds of sources. As long as suppliers still can supply them we will continue to stock them.

You will see that this year we are celebrating 25 years in the Electronic Industry. Initially Wagner's was situated in the main shopping strip of Ashfield. The shop front was painted a bright red and it was known as the Little Red Electronic Shop in Ashfield. At the start repairs was the main activity, servicing both the consumer and Australian importers of products. As time passed on it became more obvious that there was a need for a stockiest of repair parts to supply the service industry and thus our expansion into repair parts.

During the past 25 years there have been many changes in our industry. We have seen take-over's, mergers and closures resulting in the demise of some well known brands and service organizations. We are proud to say that Wagner Electronics is still wholly Australian owned and operated and we intend to keep it this way. As well as stocking an extensive range of electronic spare parts & components. Wagner Electronics is also a leading distributor for well-renowned brands of Audio / Visual Accessories, Computer & IT Accessories and RF Communications Accessories.

We could not have achieved this, or been able to continue to do so, without your support and therefore would like to take this opportunity to thank you for your continuing loyalty.

Last but not least, this catalogue is not just a parts listing, it is a document of many years work by loyal staff which include R&D, purchasing, sales, warehousing and graphic design. With your support we look forward to being of service to our industry for many years to come.

With Warm Regards,
The Team at Wagner's.

WELCOME!

Wagner Electronics: Is an independent Australian organisation dedicated to the Electronic Service Industry. Our aim is to give you the BEST possible service at a COMPETITIVE price.

THE PRODUCTS: Goods offered are from reliable and internationally known manufacturers and are of the highest quality. Data and specifications are those quoted by our suppliers which we believe to be correct.

DELIVERY: A delivery and handling charge applies to all orders. Please note that goods are sent at the purchasers risk. Parcels over 500g attract parcel rates and in most cases the mail charges are more than courier. Therefore for heavier or urgent orders we recommend that the courier service be used. In most cases they deliver on the next working day, thus courier can be both convenient and cost effective.

LOCAL: Sydney Metropolitan Road Service. This is an overnight service.

LOCAL SAME DAY: Sydney Metropolitan. Orders must be received before 10AM. Delivery is between 2PM and 5.30PM. Please state clearly on your order "SAME DAY DELIVERY".

COUNTRY and INTERSTATE: Air service is available Australia wide, up to 3Kg.

HEAVY PARCELS: (Above 3Kg) will be sent by road freight at no extra charge.
Please allow 2-3 working days for delivery.

DANGEROUS GOODS: Orders with aerosols or isopropanol products must be sent by road.

BACK ORDERS: Goods not in stock will be automatically back ordered unless otherwise requested.

CLAIMS: The use of our products is totally beyond our control or supervision. We therefore cannot except any responsibility for losses or consequential damage to any goods or equipment. NOTE. No warranty applies to some parts as faults not correctly diagnosed or other faults in associated circuitry can damage newly fitted parts, e.g. semiconductors, etc.

GOODS RETURNED: Please, it is essential you obtain authorization before returning any goods. All goods to be returned must be freight prepaid and accompanied with a copy of the original purchase invoice. Faulty goods will be replaced only. Not credited. Goods purchased incorrectly or no longer required will not be accepted for credit.

OWNERSHIP OF GOODS: Ownership of all goods and materials supplies by Wagner Electronics remains the property of Wagner Electronics, in accordance with the retention of title clause, until all goods supplied are paid for by the customer.

THANK YOU.

LOOKING FORWARD TO YOUR PATRONAGE.
